

# Our team is growing...

AND WE COULDN'T BE MORE EXCITED!

Love Howick's core philosophy is to be a game-changer in helping build sustainable pathways for human development. So the recent news that our YES Internship programme, in partnership with Wildtrust and sponsored by Nedbank, has been resurrected after Covid has made us super excited. This means that we are preparing to see 23 vibrant, young, energetic interns to join our ranks in various Love Howick projects from 1 May 2021 for 12 valuable months, allowing us ample time for skills transfer, mentorship, and growth.

## What is the YES (Youth Employment Service)?

The "YES" initiative is a collaboration between government and business to provide more jobs and apprenticeships for South Africa's young workers. The proposal sees businesses offer year-long paid learning courses – effectively "on-the-job" training – to help bring the next generation into a working environment and give them opportunities they would have struggled to get previously. Application info on Page 3.

Spread the word and if you know someone who meets our criteria and would be a good fit for this one year programme – please get in touch. Or better yet, if you would like to apply to be a 'mentor' to one of our 23 interns by sharing valuable insight & wisdom with them on a one-on-one basis, once a month, then email [matt@lovehowick.com](mailto:matt@lovehowick.com).

# MEET Zethembe Makhaye

"I am 22 years old and I live in Elandsokop, I first joined the Dream Centre classes 2 years ago and I could only just say the Dream Centre Job Readiness Course has been the root for everything I have achieved so far in my life. Before I heard about the Dream Centre I was negative about myself and thought that since I grew up around people who were unemployed and poverty-stricken, I thought that I will never achieve any great things in my life. But in joining the Dream Centre courses, all of that suddenly changed within a couple of weeks. I am now working, I am now getting confident about my life and even now I am still hungry for more success in life."

**"An investment in knowledge pays the best interest."**

BENJAMIN FRANKLIN

**We are so proud of Zethembe for his drive and passion not to fall victim to his circumstances but to push out of the vicious cycle of poverty and unemployment. He has done so well and we are so proud of you Zethembe.**
