People Are Our Mission

In the expansive ocean of needs and cries for help (especially in this era of world history) as an NGO, it is increasingly important to clarify what our core mission is and focus our core energies on fulfilling this. This type of focus keeps us connected to our long term vision of a prosperous community and provides the necessary safeguards to ensure sustainability, integrity and longevity as an organisation.

Love Howick's core mission remains centred around '*creating sustainable pathways for people and community development*'. People are front and centre of what we are about – and our aim in 2021 is to apply much of our collective capacity to:

- **Education, mentorship and deployment** of high calibre people to the local economy
- **Developing skills** and capacity for entrepreneurial exploits and income generation
- **Helping businesses, government and local** investors see meaningful social change as a result of their investment in time & money
- **Work to empower greater collaboration** around environmental issues, community projects, tourism and positivity

To create these '*sustainable pathways for people and community development*' we need **your support!** Consider sharing your thoughts and ideas as they relate to one of our 4 core objectives listed above by emailing us at info@lovehowick.com.

We would love you to join us as one of our Partners for Change in 2021.

PORTRAITS OF COURAGE

Meet **Nontando Mabele**, a 20 year old living in Estcourt but I now live in Howick west. The Dream Centre really helped me become who I am today. Before I attended the Dream Centre courses, I didn't know how to look for a job, what was expected in an interview, do's and don'ts in an interview, or the importance of professionalism and excellence.

My life was miserable and I had no direction. But now, using the tools the Dream Centre gave me, I have a job. I excel in everything because I understand the importance of hard work and going the extra mile. I'm honoured because I honour my boss. Thanks to Dream Centre for helping me realise my potential, for helping me take ownership of my life and make a success out of it.

Thank you Dream Centre and the Sponsor a Student initiative. JOIN OUR 'SPONSOR A STUDENT' INITIATIVE AND CHANGE A LIFE!

"Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as ever you can."

JOHN WESLEY

BENEFICIARY SCHOOL: YARROW PRIMARY SCHOOL, KARKLOOF

Some of these students have to walk over 10km from home to school and back, every day. They use a multi-grade, multi-phase system as they have a shortage in space and teachers available to cater to each grade and phase individually. Yarrow Intermediate is a no-fee paying school, as most parents are farm workers earning minimum wage. This school has a big heart and a big vision – so let's join together and support them. **TOGETHER WE CAN MAKE A DIFFERENCE!**
